## Harrington Exonerated

Retained at Head of the Agricultural and Mechanical College—Action Unanimous.

Special to The Eagle:

Marlin, Texas, June 23.—At 10:30 p. m. the Board, in session in the parlors of the Arlington hotel, in this city, gave out a signed statement consisting of three typewritten pages, completely exonerating President Harrington of the A. and M. College of all charges preferred against him and retaining him at the head of the institution. These charges have been the subject of the investigation by the Board during the last two weeks. The statement is signed by J. K. Leggett, president of the board; P. D. Rowell, Walton Poteet, John M. Green, L. L. McInnis, R. T. Miller, A. Haidusek. The only member of the Board who did not sign the statement is Senator Sebastian who has not been in attendance during the investigation, being ill at home.

Accompanying the statement the Board makes a final appeal to the press and to the public to stand by the college and hold up the hands of the Board to the end that when the doors of the A. and M. College are thrown open in the fall, to receive the youth of Texas, this grand and

magnificent institution may be fully rehabilitated in all its departments. The statement closes with the words: "We have done our duty and invite a like service at your hands."

The result was made known to President Harrington and he was invited into the room occupied by the Board. Dr. Harrington expressed his appreciation of the action of the Board which by the patient performance of its duty has rendered the greatest possible service which any similar Board has ever had the opportunity to do and which will be advantageous to every school in the state. He declared his purpose to continue his undiminished efforts to bring the school up to the highest possible degree of usefulness.

The Board will likely continue in session tomorrow.

The attorneys for both the prosecution and the defence left for their homes today before the decision was given out.

Dr. Harrington received many hearty congratulations from friends who were waiting the announcement of the result.

### TEDDY, JR., TO TOOL.

Will Be Employee of the United States Steel Corporation.

New York, June 23.—The Tribune publishes the following:

Theodore Roosevelt, Jr., it is understood, will have his experience of actual work this summer as distinguished from the labor involved in study, and will get that experience as an employee of the United States Steel corporation.

Young Mr. Roosevelt, who is a member of the junior class of Harvard, in the academic department, visited the ore holdings of the steel corporation last year.

John C. Greenway, who was in the rough rider regiment in the Spanish war and for whom the president holds a hearty friendship, is the superintendent of the Western Mesaba department of the steel corporation's ore properties, and it is under his direction, it is said, that the younger Roosevelt will be employed.

### MISS REID A BRIDE.

Daughter of American Ambassador Wedded to an Englishman.

London, June 23.—King Edward and Queen Alexandra smiling approval from their private gallery, Miss Jean Reid, daughter of Hon. Whitelaw Reid, American ambassador to Great Britain, were married Tuesday afternoon in the chapel royal of St. James' palace to Hon. John Hubert Ward, brother of Earl Dudley and equerry in waiting to the king.

The ancient chapel, one of few remains of the old palace of the Tudors, in which Queen Victoria and several of her daughters were married, was prettily decorated with flowers for this the most fashionable of recent weddings at London.

BRYAN, TEXAS, JUNE 24, 1908.

If you want to name your baby boy after the greatest president, call him Bryan.

Tramp! tramp! tramp! the boys are marching to the militia encampment at Leon Springs.

The fellow who suggested Jeff Davis of Arkansas for vice president on the Bryan ticket had better keep out of Texas.

The members of the Christian church are urged to be present to-night at prayer meeting and everybody bring your Bibles.

Whether the cotton acreage has been reduced or not, and whether or not the crop harvested this year will be less or greater than that of last year, there is no doubt that there is a large increase of food and forage crops all over the cotton belt. This will enable the farmers to hold cotton if they wish to.

## MUCH PLEASED AT THE RESULT

San Antonio, Texas, June 23.—Texas Angora goat raisers are very much pleased over the success that the advertisement of their industry has received by means of a present of a pair of trousers made from the mohair of one Angora goat arranged for Secretary Taft by the Business Mens Club. Now that announcement is made that Secretary Taft will probably visit Texas during the campaign a telegram has been sent to Chicago requesting that the pair of trousers be forwarded to Texas, and plans are being made to give the Secretary a rousing reception in San Antonio. At the same time it is being arranged to give representatives of the Association of Sheep and Goat raisers of Texas an invitation to be present at this reception to present to Secretary Taft the unprotected condition of their industry and the need of a protective tariff in order to build up their business.

At present there are more Angora goat skins imported to the United States every year than are produced in this country. The goat raisers claim that this works a hardship on them and prevents the proper development of their business. At present the raising of Angora goats is confined almost exclusively to the Southwest, Northwest and to California; there are about 1,250,000 Angora goats in the United States and statistics show that from six to seven thousand of them are in Southwest Texas. This country is mountainous and covered with brush, and except in the fertile valleys is given up exclusively to the raising of Angora goats. The goats are very hardy and eat bushes, woods and twigs rather than grass. They are herded by dogs and the breed known as the goat dog is being developed in Texas. These dogs have wonderful intelligence and fidelity. They take their flocks out in the morning and bring them back in the evening. At night they sleep among them and defend them from from wolves or human beings and there have been occasions where dogs have given up their lives to save their flocks. The industry is a profitable one and does not require a great deal of capital to engage in it.

## PLANS FOR GREAT HIGHWAY

San Antonio, Texas, June 23.—Plans are being formulated for the building of a great highway to connect San Antonio with Laredo and the Mexican border. The road will be especially designed for automobile travelers and will be 150 miles in length and of the finest macadam. It is hoped that by the time the road is completed that the Mexican Government will be interested and an extension made to pass through the various states of Mexico to the capital of that country. When this important work is completed it will give the automobiles one of the finest touring trips in America passing through a country of varied scenery and of great historical interest. The project was first suggested by the Laredo Board of Trade and will be taken up by the Business Men's Club of San Antonio, the county Judges and citizens of the various counties through which it passes. A great deal of enthusiasm has already been aroused in the undertaking and it is confidently believed that the project will be pushed to completion as rapidly as possible.

## NEW REGULATIONS.

### Those Governing Indian Lands Just Given Out.

Muskogee, Okla., June 23.—Jesse Wilson, assistant secretary of the interior, has issued the new regulations under which leases and sales of Indian lands will be made and the estates of minors administered. The regulations provide for a complete change of the system now in use by the Indian agents. All field parties and special men in the field will be discontinued. In their places will be fifteen district agents with two or three counties in each district. These agents will travel over their district and assume a general supervision over all Indians whose lands are restricted, giving especial attention to minor allotments. They will have an office and remain there two days each week and spend the remainder of their time in the field. Once a month they will examine the records in the county sent to see if any Indian land has been sold or encumbered. Applications for removal of restrictions will be made to them and they will make sales of land where the secretary approves the removal of restrictions and the sale will be made on the spot under sealed bids, the Indian turning the deed and the purchaser the money. This obviates having the deed and the money held at Washington for months at a time. For the first time, a provision is made whereby an Indian, with the recommendation of the district agent, may sell his land, taking part of the money in cash and a first mortgage security for the rest.

When a restricted Indian makes application to sell his land a notice of the sale is posted in every district agent's office at every courthouse of the Five Civilized Tribes. Each of the district agents will have a clerk and stenographer and more assistants if necessary.

## JNO. C. VICK MILLING FEED, GRAIN

The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified into four reductions, viz: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

## "THE DENVER SPECIAL"

(VIA FORT WORTH & DENVER CITY RY.)

Will afford Advantages Not Otherwise Obtainable and will be operated under conditions to meet the requirements of the most exacting!

In addition to serving all meals enroute in elegant fully-equipped dining cars at city prices and upon the 'pay-only-for-what-you-eat' plan (this being a regular feature of our through-trains) and providing for all comers the usual complement of other first-class equipment required in modern long-distance trains, this train, in order to accommodate to best advantage some of the hundreds who will go and to provide a limited number of them convenient, creditable and altogether satisfactory sleeping accommodations while in Denver, at an expense running 30 to 50 per cent. less than would be possible to secure at first-class hotels after arrival in the Convention City, will also carry, extra, a number of Pullman's Best Tourist Sleepers. Some of these extra sleepers (of which there will be but a limited number) will be 'Parked' for sleeping purposes during the Convention, convenient of access and immediately adjacent Denver Union Station—from which street cars will be available every two minutes; this being a feature of Money-saving importance, and possessing advantages of location not approachable by or via any other Texas Line.

As the ticket rates for this occasion will be unusually low [approximately one fare for the round trip] and these special lodging accommodations will necessarily be limited in number, prompt applications for same will be necessary in order to secure choice assignments; the expense of which will be \$12.50 per double-berth for the most favorable, and \$10.00 per berth for the balance, for the entire round trip of eight days; each berth being large enough for two persons. For one-way Sleeping accommodations, rate of \$2.50 per berth will apply.

This train will leave Fort Worth via "THE DENVER ROAD" at 9:30 a. m. Sunday, July 5th, will arrive Denver during the early afternoon of the following day and will leave Denver, returning, at 10:00 p. m. July 11th. Special representatives will accompany this train and be in charge of all special arrangements. Applications for reservations, and remittances to cover, should be promptly made to

A. A. GLISSON, GEN'L. PASS. AGT., FORT WORTH, TEXAS.

SPECIAL NOTE:—For both going and return trips we offer Double Daily Solid Through-Train Service; thus avoiding changes of cars of any class and the possibility of broken connections at junctions, enroute. No other Texas Line does.

#### ENTERTAINED THE FIREMEN.

The Bryan Volunteer Fire department was entertained at supper last night at the home of Fire Chief John W. Hamilton, the affair being under the supervision of the wives and daughters of the firemen, and from 9 to 11 p. m. marked the time of a most pleasant social and altogether pleasant gathering. The supper consisted of those choice viands so much enjoyed at this season—barbecued kid, chicken, ham, elegant cake and cream. As host and hostess, Mr. and Mrs. Hamilton, assisted by the wives and daughters of the firemen, succeeded most admirably in making each moment one of genuine pleasure for all present. And all other firemen were present, except a few, who are out of the city.

Bryan is very proud of her gallant fire boys, and the department is one of the best of the volunteer companies in Texas.

#### TEXAS WOMAN'S COLLEGE ANNOUNCEMENT.

##### J. Bert Graham.

The Texas Woman's College is to be congratulated in securing for its music department J. Bert Graham, whose special work will be the teaching of singing and the training of the voice. Mr. Graham is a young man, a recent graduate of the Oberlin Conservatory, Oberlin, Ohio, which ranks with the foremost in America. He is said to have a fine baritone voice and to sing well, and he is a soloist in a choir of 150 voices.

He is highly recommended, not only as a vocalist, but as an expert on the piano and the pipe organ.

The trustees of the Texas Woman's College always seek to bring to the institution teachers who will command the entire confidence of its friends. In Mr. Techau, as pianist, and Mr. Graham as vocalist and organist, they have men who will be true to the highest musical standards.

The building committee was appointed at this meeting consisting of W. E. Saunders, Chairman; H. G. Rhodes and R. W. Howell who will push the work of the new Masonic Temple which will be erected in the near future.

#### SENATOR A. J. HARPER.

State Senator A. J. Harper authorizes the Eagle to announce his candidacy for re-election to the senate from this, the 12th senatorial district. Senator Harper has served the people in this capacity since his first election six years ago, and his record is a part of the history of Texas. Throughout his career he has always been a friend of the A. and M. College, and has on every occasion, when its interests were at stake, voted and worked for every measure that was favorable to it.

Among other things that he has helped to secure for the college are the Textile Building and machinery, which is one of the most important in the work of the college and doubled its usefulness; the new three-story Engineering Building; the Soil Laboratory and other important but less conspicuous additions to the equipment. Senator Harper believes that the A. and M. can, in a few more years, be made to rank with the State University in attendance and that the people of Texas will be more benefited by it because it is an industrial school. The college will need a man of experience, who knows its condition and its requirements, in the 31st legislature.

Senator Harper will soon visit his constituents in Brazos county. The Eagle bespeaks for him a generous reception and a fair consideration of reasons he offers in support of his candidacy.

#### BEARD-TABOR.

Sunday at 12:45 p. m. Mr. Earl L. Beard left Bryan for Gainesville, arriving in the latter city Monday night, and at 12:10 a. m. was happily married to Miss Mattie Norris Tabor, the Rev. Mr. Spraggins of the Gainesville Methodist church officiating. Miss Tabor was due to arrive in Gainesville from her home in Oklahoma at 5:50 p. m. Monday afternoon, but her train was delayed, which accounts for the marriage taking place at an early morning hour. Immediately after the ceremony, Mr. and Mrs. Beard took a train for Fort Worth, arriving in that city at 2:30 Tuesday morning, and left Fort Worth for Bryan at 6:30 a. m., arriving here on the I. & G. N. at 4:15 yesterday afternoon. News of the marriage had preceded the popular couple, and when the train rolled into the station, quite a number of Bryan young ladies and gentlemen were at the depot to throw rice and extend heartiest congratulations and best wishes for a long and happy life.

The bride is a young lady of sweet disposition and lovable manner, who makes friends of character, and is much admired by every one. She was born and reared in Bryan.

The groom, also, is a native of this city, and a young gentleman possessing sterling qualities, and full of ambition.

The newly married couple are at home with the groom's parents, Mr. and Mrs. Joe Beard.

The Eagle joins with many friends in hearty congratulations.

#### SOL ASHFORD JAILED.

A negro giving his name as Will Larkin was placed in jail yesterday on the charge of the theft of a mule some time ago from a man named Hutson who was moving through the country. Larson pastured the mule with Maj. W. R. Cavitt for a time and finally sold it for \$15.00 and the pasturage which was due. The officers were on the look-out for the negro and finally located him and placed him in jail yesterday to answer the charge. Maj. Cavitt identified the negro at once. His real name is Sol Ashford.

Men, Women and Children Butchered by Order of Shah.

Berlin, June 23.—Dispatches from Teheran, Paris, says 800 persons were killed in the bloodiest massacre of the century. At the Shah's orders soldiers fired on the people. Indescribable scenes followed. Men, women and children were butchered, and the bodies terribly mutilated. A reign of terror has spread throughout the country. It is believed Russia will interfere to restore order.

#### Cut One-Half.

San Francisco, June 23.—Rates on excessive baggage on the Southern Pacific lines will be cut down one-half, beginning July 1. This announcement has just been made by the company's officials. At present the rule is to charge a traveler 1 cent a mile for every 100 pounds of excess baggage. After July 1 the charge will be one-third of the passenger fare for the trip, or one-half of 1 cent per mile for each 100 pounds of excessive baggage.

#### Ranch Fire Swept.

Colorado Springs, Colo., June 23.—Fire supposed to have originated from embers left by a camping party swept over the Skelton ranch, near here, destroying \$25,000 worth of property on the ranch and timber in Pike's peak forest reserve, estimated value being \$50,000. This is the third disastrous forest fire in the Pike's peak reserve within three weeks.

#### To Validate by Amendment.

Austin, June 23.—Governor Campbell will seek the adoption of a constitutional amendment validating the school bonds which the supreme court held illegal.

## SHERMAN SERIOUSLY ILL

Vice Presidential Candidate Is Taken to Hospital.

**GALL STONES IS AILMENT.**

At Early Hour Tuesday Morning the Patient Was In the Throes of a Chill and His Temperature Went to One Hundred and Two.

Cleveland, O., June 23.—James S. Sherman, Republican vice presidential candidate, who has been ill here for the past two or three days, was taken with a severe chill at 4:30 o'clock Tuesday morning.

Physicians were immediately called. It was found Mr. Sherman was suffering from gall stones. It was decided to remove him from the home of ex-Governor Herrick to a hospital at once and it is possible an operation will be performed during the day.

At 9 o'clock it was stated that Mr. Sherman was resting comfortably and that his temperature had fallen to normal. Early in the morning the temperature of the patient was 102.

Mr. Sherman was taken to Lakeside hospital at 10 o'clock.

Mr. Sherman complained of pain during the convention and it is believed the strain of the week at Chicago brought on his illness. During the conference with Secretary Taft at Cincinnati he was so ill he could hardly participate. He came here with former Governor Herrick to rest.

Mr. Sherman's family physician at Utica is sick, and cannot come. A Baltimore specialist who once treated him was called in consultation over the long distance phone by Dr. Carter, the attending physician, and will come here.

It is expected an operation will be required if Mr. Sherman takes an active part in the campaign.

**LIES WITH COMMITTEE.**

Chairman New Says It Has Power to Name Committee.

Chicago, June 23.—When apprised of the illness of Representative James Sherman, the Republican vice presidential nominee, Chairman New and the national committee expressed great regret.

Mr. New is clearly of the opinion that in the event of Mr. Sherman's death the national committee would have full power to name a vice presidential candidate. It is, he said, vested with similar power with regard to the presidential candidate, but he said where there was sufficient time before the election to do so, the committee could reassemble in the convention and have the nomination made in the regular way.

**As Viewed at Washington.**

Washington, June 23.—So far as known here no power is vested in the Republican national committee to fill any vacancy on the presidential or vice presidential ticket that might occur between the date of the nominating convention and the first Tuesday in November following, when the people by their votes will determine the status of the candidates, either by rejecting them at the polls or by conferring upon them the titles of president and vice president-elect.

There is nothing to prevent the committee from filling a vacancy on the ticket, that is, no law of prohibition, but, of course, the committee would be answerable to the outraged sense of the great party which it represents.

**Home Folks Uneasy.**

Utica, N. Y., June 23.—Word was sent to the family of Hon. James S. Sherman at this city early Tuesday that the vice presidential candidate had been compelled to go to a hospital at Cleveland, O. Dr. Finney of Baltimore, who attended Mr. Sherman during an attack of the same trouble at Washington, last year, has been summoned. Mrs. Sherman and one of her sons have gone to Cleveland.

The news received here is disquieting, and it is said Mr. Sherman is in a serious condition.

Extensive arrangements had been made to give him a great reception on his return trip, and special trains from all sections of central and northern New York had been arranged for to bring people to this city.

**Taft Deeply Concerned.**

Washington, June 23.—Secretary Taft, despite the excessive heat and fatigue of Monday and Tuesday night, expressed himself as feeling in excellent condition Tuesday.

When Secretary Taft came down to breakfast he expressed to a representative of the Associated Press the deepest concern over the condition of Representative Sherman.

**Excessive Heat Continues.**

Chicago, June 23.—The excessive heat continued Tuesday to add to the toll of victims and before the day was far advanced it had claimed eight. Numerous prostrations were reported. One of the first to succumb was Edwin Palmer, nephew of the late Potter Palmer, and for nineteen years secretary of the Chicago Hotel company. Mr. Palmer died as a result of having been overcome by heat several days ago.

**Several Killed in Clash.**

Teheran, June 23.—A serious clash between Cossacks and members of political clubs occurred here Tuesday. Early in the morning a force of Cossacks and soldiers surrounded the parliament building and adjoining mosque and asked parliament to give up some persons whose arrest the shah ordered. This parliament refused to do and members of political clubs fired on the Cossacks, killing several of them. Reinforcements entered the city at 9 o'clock with artillery. The firing continued until 10 o'clock.

## SCATTERED LONG WAYS.

Hands and Legs Found Four Miles Apart at New York.

New York, June 23.—The finding of parts of a human body scattered for miles along the track of the Desbrosse street trolley line Tuesday reveals what may be a diabolical addition to New York's crime annals. The hands were found where the line crosses the Williamsburg bridge and the legs at Desbrosse street ferry in Manhattan, over four miles away, while the mutilated torso was picked up on the bridge over Kent avenue. So disfigured was the face and body there were no means of identification.

Police doubt whether the victim was accidentally struck and cut to pieces by a trolley car on the Williamsburg bridge, or was murdered.

## DEVOUR OWN DEAD.

Terrible Condition of Affairs in Portuguese Guinea.

Lisbon, June 23.—News has been received of a serious condition of affairs of Portuguese Guinea. Natives everywhere are reported in revolt. Even on the Island of Timor several interior posts have been driven in, settlements have been destroyed and Europeans been killed or carried off into captivity. Portuguese troops have taken refuge at Bisseau where they are surrounded. A French warship has arrived for the protection of French subjects.

Newspapers here attribute the revolt to cruelties practiced by troops while collecting the "hut" tax.

Chief Coupage of a tribe started the revolt by seizing a sergeant and seven Portuguese troopers, decapitating them and displaying their heads on poles.

After the recent engagement troops observed natives devouring one of their own dead.

## Harrington Exonerated

Retained at Head of the Agricultural and Mechanical College—Action Unanimous.

Special to The Eagle: Marlin, Texas, June 23.—At 10:30 p. m. the Board, in session in the parlors of the Arlington hotel, in this city, gave out a signed statement consisting of three typewritten pages, completely exonerating President Harrington of the A. and M. College of all charges preferred against him and retaining him at the head of the institution. These charges have been the subject of the investigation by the Board during the last two weeks. The statement is signed by J. K. Leggett, president of the board; P. D. Rowell, Walton Poteet, John M. Green, L. L. McInnis, R. T. Miller, A. Haidusek. The only member of the Board who did not sign the statement is Senator Sebastian who has not been in attendance during the investigation, being ill at home.

Accompanying the statement the Board makes a final appeal to the press and to the public to stand by the college and hold up the hands of the Board to the end that when the doors of the A. and M. College are thrown open in the fall, to receive the youth of Texas, this grand and

magnificent institution may be fully rehabilitated in all its departments. The statement closes with the words: "We have done our duty and invite a like service at your hands."

The result was made known to President Harrington and he was invited into the room occupied by the Board. Dr. Harrington expressed his appreciation of the action of the Board which by the patient performance of its duty has rendered the greatest possible service which any similar Board has ever had the opportunity to do and which will be advantageous to every school in the state. He declared his purpose to continue his undiminished efforts to bring the school up to the highest possible degree of usefulness.

The Board will likely continue in session tomorrow.

The attorneys for both the prosecution and the defence left for their homes today before the decision was given out.

Dr. Harrington received many hearty congratulations from friends who were waiting the announcement of the result.

### TEDDY, JR., TO TOOL.

Will Be Employee of the United States Steel Corporation.

New York, June 23.—The Tribune publishes the following:

Theodore Roosevelt, Jr., it is understood, will have his experience of actual work this summer as distinguished from the labor involved in study, and will get that experience as an employee of the United States Steel corporation.

Young Mr. Roosevelt, who is a member of the junior class of Harvard, in the academic department, visited the ore holdings of the steel corporation last year.

John C. Greenway, who was in the rough rider regiment in the Spanish war and for whom the president holds a hearty friendship, is the superintendent of the Western Mesaba department of the steel corporation's ore properties, and it is under his direction, it is said, that the younger Roosevelt will be employed.

### MISS REID A BRIDE.

Daughter of American Ambassador Wedded to an Englishman.

London, June 23.—King Edward and Queen Alexandra smiling approval from their private gallery, Miss Jean Reid, daughter of Hon. Whitelaw Reid, American ambassador to Great Britain, were married Tuesday afternoon in the chapel royal of St. James' palace to Hon. John Hubert Ward, brother of Earl Dudley and equerry in waiting to the king.

The ancient chapel, one of few remains of the old palace of the Tudors, in which Queen Victoria and several of her daughters were married, was prettily decorated with flowers for this the most fashionable of recent weddings at London.

IN WAREHOUSE FOUR YEARS.

Yesterday John M. Lawrence of this city sold for Sy Kountz of Zak, in the northern part of this county, 11 bales of cotton of the crop of 1904.

2 bales of 1905, 7 bales of 1906 and 23 bales of 1907. The price for the 43 bales was 11 cents per pound.

#### BELL-LYONS.

Mr. Claude M. Bell and Miss Bettie Lyons were married yesterday afternoon at 3 o'clock at the home of the bride's mother, Mrs. W. T. Lyons, in Waxahachie, Rev. W. T. Cotton of Trinity University pronouncing the marriage ceremony.

The wedding was a quiet home affair, only the members of the family and a few near relatives being present.

The groom is a young man of good character and exemplary habits, and holds a position in the dry goods house of Wilson & Derden. He has long been a resident of Bryan and has many friends.

The bride has visited Bryan a number of times as a guest of her friend, Miss Kate Lawrence, hence she is not a stranger, but will be welcomed by a large number of friends.

The bride and groom went to Galveston to spend a week, after which they will be at home in the family residence.

#### ENTERTAINED THE FIREMEN.

The Bryan Volunteer Fire department was entertained at supper last night at the home of Fire Chief John W. Hamilton, the affair being under the supervision of the wives and daughters of the firemen, and from 9 to 11 p. m. marked the time of a most pleasant social and altogether pleasant gathering. The supper consisted of those choice viands so much enjoyed at this season—barbecued kid, chicken, ham, elegant cake and cream. As host and hostess, Mr. and Mrs. Hamilton, assisted by the wives and daughters of the firemen, succeeded most admirably in making each moment one of genuine pleasure for all present. And all other firemen were present, except a few, who are out of the city.

Bryan is very proud of her gallant fire boys, and the department is one of the best of the volunteer companies in Texas.

#### TEXAS WOMAN'S COLLEGE ANNOUNCEMENT.

J. Bert Graham.

The Texas Woman's College is to be congratulated in securing for its music department J. Bert Graham, whose special work will be the teaching of singing and the training of the voice.

Mr. Graham is a young man, a recent graduate of the Oberlin Conservatory, Oberlin, Ohio, which ranks with the foremost in America. He is said to have a fine baritone voice and to sing well, and he is a soloist in a choir of 150 voices.

He is highly recommended, not only as a vocalist, but as an expert on the piano and the pipe organ.

The trustees of the Texas Woman's College always seek to bring to the institution teachers who will command the entire confidence of its friends. In Mr. Techau, as pianist, and Mr. Graham as vocalist and organist, they have men who will be true to the highest musical standards.

#### OFFICERS ELECTED.

At a regular meeting of Brazos Union Lodge No. 129, A. F. and A. M. Monday night the following officers were elected: O. E. Saunders, W. M.; A. L. Mondrick, S. W.; Ed S. Derden, J. W.; Dr. Paul M. Rayson, re-elected Secretary; R. W. Howell, Treasurer; Thos. Rowan, Tiler.

The building committee was appointed at this meeting consisting of W. E. Saunders, Chairman; H. G. Rhodes and R. W. Howell who will push the work of the new Masonic Temple which will be erected in the near future.

#### SENATOR A. J. HARPER.

State Senator A. J. Harper authorizes the Eagle to announce his candidacy for re-election to the senate from this, the 12th senatorial district. Senator Harper has served the people in this capacity since his first election six years ago, and his record is a part of the history of Texas. Throughout his career he has always been a friend of the A. and M. College, and has on every occasion, when its interests were at stake, voted and worked for every measure that was favorable to it.

Among other things that he has helped to secure for the college are the Textile Building and machinery, which is one of the most important in the work of the college and doubled its usefulness; the new three-story Engineering Building; the Soil Laboratory and other important but less conspicuous additions to the equipment. Senator Harper believes that the A. and M. can, in a few more years, be made to rank with the State University in attendance and that the people of Texas will be more benefited by it because it is an industrial school. The college will need a man of experience, who knows its condition and its requirements, in the 31st legislature.

Senator Harper will soon visit his constituents in Brazos county. The Eagle bespeaks for him a generous reception and a fair consideration of reasons he offers in support of his candidacy.

#### BEARD-TABOR.

Sunday at 12:45 p. m. Mr. Earl L. Beard left Bryan for Gainesville, arriving in the latter city Monday night, and at 12:10 a. m. was happily married to Miss Mattie Norris Tabor, the Rev. Mr. Spraggins of the Gainesville Methodist church officiating. Miss Tabor was due to arrive in Gainesville from her home in Oklahoma at 5:50 p. m. Monday afternoon, but her train was delayed, which accounts for the marriage taking place at an early morning hour. Immediately after the ceremony, Mr. and Mrs. Beard took a train for Fort Worth, arriving in that city at 2:30 Tuesday morning, and left Fort Worth for Bryan at 6:30 a. m., arriving here on the I. & G. N. at 4:15 yesterday afternoon. News of the marriage had preceded the popular couple, and when the train rolled into the station, quite a number of Bryan young ladies and gentlemen were at the depot to throw rice and extend heartiest congratulations and best wishes for a long and happy life.

The bride is a young lady of sweet disposition and lovable manner, who makes friends of character, and is much admired by every one. She was born and reared in Bryan.

The groom, also, is a native of this city, and a young gentleman possessing sterling qualities, and full of ambition.

The newly married couple are at home with the groom's parents, Mr. and Mrs. Joe Beard.

The Eagle joins with many friends in hearty congratulations.

#### SOL ASHFORD JAILED.

A negro giving his name as Will Larkin was placed in jail yesterday on the charge of the theft of a mule some time ago from a man named Hutson who was moving through the country. Larson pastured the mule with Maj. W. R. Cavitt for a time and finally sold it for \$15.00 and the pasturage which was due. The officers were on the look-out for the negro and finally located him and placed him in jail yesterday to answer the charge. Maj. Cavitt identified the negro at once. His real name is Sol Ashford.

#### EIGHT HUNDRED SLAIN.

Men, Women and Children Butchered by Order of Shah.

Berlin, June 23.—Dispatches from Teheran, Paris, says 800 persons were killed in the bloodiest massacre of the century. At the shah's orders soldiers fired on the people. Indescribable scenes followed. Men, women and children were butchered, and the bodies terribly mutilated. A reign of terror has spread throughout the country. It is believed Russia will interfere to restore order.

#### Cut One-Half.

San Francisco, June 23.—Rates on excessive baggage on the Southern Pacific lines will be cut down one-half, beginning July 1. This announcement has just been made by the company's officials. At present the rule is to charge a traveler 1 cent a mile for every 100 pounds of excess baggage. After July 1 the charge will be one-sixth of the passenger fare for the trip, or one-half of 1 cent per mile for each 100 pounds of excessive baggage.

#### Ranch Fire Swept.

Colorado Springs, Colo., June 23.—Fire supposed to have originated from embers left by a camping party swept over the Skelton ranch, near here, destroying \$25,000 worth of property on the ranch and timber in Pike's peak forest reserve, estimated value being \$50,000. This is the third disastrous forest fire in the Pike's peak reserve within three weeks.

#### To Validate by Amendment.

Austin, June 23.—Governor Campbell will seek the adoption of a constitutional amendment validating the school bonds which the supreme court held illegal.

#### Reported Sum For Articles.

Washington, June 23.—It is reported President Roosevelt is to receive \$100,000 from the Colliers, of New York, publishers, for the articles on his forthcoming hunting trip to Africa.

## SHERMAN SERIOUSLY ILL

Vice Presidential Candidate Is Taken to Hospital.

**GALL STONES IS AILMENT.**

At Early Hour Tuesday Morning the Patient Was in the Throes of a Chill and His Temperature Went to One Hundred and Two.

Cleveland, O., June 23.—James S. Sherman, Republican vice presidential candidate, who has been ill here for the past two or three days, was taken with a severe chill at 4:30 o'clock Tuesday morning.

Physicians were immediately called. It was found Mr. Sherman was suffering from gall stones. It was decided to remove him from the home of ex-Governor Herrick to a hospital at once and it is possible an operation will be performed during the day.

At 9 o'clock it was stated that Mr. Sherman was resting comfortably and that his temperature had fallen to normal. Early in the morning the temperature of the patient was 102.

Mr. Sherman was taken to Lakeside hospital at 10 o'clock.

Mr. Sherman complained of pain during the convention and it is believed the strain of the week at Chicago brought on his illness. During the conference with Secretary Taft at Cincinnati he was so ill he could hardly participate. He came here with former Governor Herrick to rest.

Mr. Sherman's family physician at Utica is sick, and cannot come. A Baltimore specialist who once treated him was called in consultation over the long distance phone by Dr. Carter, the attending physician, and will come here.

It is expected an operation will be required if Mr. Sherman takes an active part in the campaign.

### LIES WITH COMMITTEE.

Chairman New Says It Has Power to Name Committee.

Chicago, June 23.—When apprised of the illness of Representative James Sherman, the Republican vice presidential nominee, Chairman New and the national committee expressed great regret.

Mr. New is clearly of the opinion that in the event of Mr. Sherman's death the national committee would have full power to name a vice presidential candidate. It is, he said, vested with similar power with regard to the presidential candidate, but he said where there was sufficient time before the election to do so, the committee could reassemble in the convention and have the nomination made in the regular way.

### As Viewed at Washington.

Washington, June 23.—So far as known here no power is vested in the Republican national committee to fill any vacancy on the presidential or vice presidential ticket that might occur between the date of the nominating convention and the first Tuesday in November following, when the people by their votes will determine the status of the candidates, either by rejecting them at the polls or by conferring upon them the titles of president and vice president-elect.

There is nothing to prevent the committee from filling a vacancy on the ticket, that is, no law of prohibition, but, of course, the committee would be answerable to the outraged sense of the great party which it represents.

### Home Folks Uneasy.

Utica, N. Y., June 23.—Word was sent to the family of Hon. James S. Sherman at this city early Tuesday that the vice presidential candidate had been compelled to go to a hospital at Cleveland, O. Dr. Finney of Baltimore, who attended Mr. Sherman during an attack of the same trouble at Washington, last year, has been summoned. Mrs. Sherman and one of her sons have gone to Cleveland.

The news received here is disquieting, and it is said Mr. Sherman is in a serious condition.

Extensive arrangements had been made to give him a great reception on his return trip, and special trains from all sections of central and northern New York had been arranged for to bring people to this city.

### Taft Deeply Concerned.

Washington, June 23.—Secretary Taft, despite the excessive heat and fatigue of Monday and Tuesday night, expressed himself as feeling in excellent condition Tuesday.

When Secretary Taft came down to breakfast he expressed to a representative of the Associated Press the deepest concern over the condition of Representative Sherman.

### Excessive Heat Continues.

Chicago, June 23.—The excessive heat continued Tuesday to add to the roll of victims and before the day was far advanced it had claimed eight. Numerous prostrations were reported. One of the first to succumb was Edwin Palmer, nephew of the late Potter Palmer, and for nineteen years secretary of the Chicago Hotel company. Mr. Palmer died as a result of having been overcome by heat several days ago.

### Several Killed In Clash.

Teheran, June 23.—A serious clash between Cossacks and members of political clubs occurred here Tuesday. Early in the morning a force of Cossacks and soldiers surrounded the parliament building and adjoining mosque and asked parliament to give up some persons whose arrest the shah ordered. This parliament refused to do and members of political clubs fired on the Cossacks, killing several of them. Reinforcements entered the city at 9 o'clock with artillery. The firing continued until 10 o'clock.

### SCATTERED LONG WAYS.

Hands and Legs Found Four Miles Apart at New York.

New York, June 23.—The finding of parts of a human body scattered for miles along the track of the Desbrosse street trolley line Tuesday reveals what may be a diabolical addition to New York's crime annals. The hands were found where the line crosses the Williamsburg bridge and the legs at Desbrosse street ferry in Manhattan, over four miles away, while the mutilated torso was picked up on the bridge over Kent avenue. So disfigured was the face and body there were no means of identification.

Police doubt whether the victim was accidentally struck and cut to pieces by a trolley car on the Williamsburg bridge, or was murdered.

### DEVOUR OWN DEAD.

Terrible Condition of Affairs In Portuguese Guinea.

Lisbon, June 23.—News has been received of a serious condition of affairs of Portuguese Guinea. Natives everywhere are reported in revolt. Even on the Island of Timor several interior posts have been driven in, settlements have been destroyed and Europeans been killed or carried off into captivity. Portuguese troops have taken refuge at Bisseau where they are surrounded. A French warship has arrived for the protection of French subjects.

Newspapers here attribute the revolt to cruelties practiced by troops while collecting the 'hut' tax.

Chief Coulage of a tribe started the revolt by seizing a sergeant and seven Portuguese troopers, decapitating them and displaying their heads on poles.

After the recent engagement troops observed natives devouring one of their own dead.

### Leeds Dies Suddenly.

Paris, June 23.—W. B. Leeds died suddenly at the Ritz hotel, this city, at 10:30 o'clock Tuesday morning. Mrs. Leeds was with him. He had been ill for some years.
